A VISION THAT CONNECTS

VIEDERMONT

Viedermont was born as a bridge between the potential of our land and the opportunities of the world. We are a team committed to the strategic development of the region, blending innovation, hospitality, and a global perspective.

Our essence lies in creating experiences that go beyond business: we aim to connect cultures, foster alliances, and support the integration of those who choose to invest, live, and work in Catamarca.

VISION & MISSION

Vision

To become the leading reference for executive hospitality in Catamarca, offering integration experiences that combine comfort, safety, privacy, and high-level encounters for those visiting the province for professional or personal reasons.

Mission

To provide a personalized, discreet, and high-quality service, designed to support high-ranking individuals in their adaptation and integration into Catamarca. We facilitate strategic connections, essential cultural tours, and attentive service that anticipates every need.

WHO WE ARE

Viedermont is made up of a team of four young professionals with backgrounds in international relations, executive logistics, legal advisory, and accounting & tax consultancy.

We share a common vision: to ease the integration of those coming to Catamarca for business by providing a hospitality service that meets and exceeds their expectations.

From our various fields, we work in coordination to offer reliable, agile, and discreet support. Our strength lies in personalized attention and the ability to anticipate the needs of those seeking more than just a warm welcome—a genuine connection.

WHY THIS SERVICE?

Viedermont originates from firsthand experience in Catamarca's mining sector. Over the years, we witnessed a clear and unmet need: the absence of a personalized service for individuals arriving from abroad, particularly for work, business, or high-level tourism.

We know this need is real thanks to countless informal conversations with executives—after business dinners, during site visits, or simply through daily interactions at work. These exchanges showed us how crucial it is to have personalized support that fits their personal lives.

This service is specially designed for executives, easing their adaptation process and addressing the personal needs that make daily life more manageable while carrying out their activities or visiting the province. We offer a human and strategic bridge for their time in Catamarca.

OUR LOGISTICS SERVICES

1

Cultural and Touristic Exploration

Customized transportation for immersive tours through the capital city and other destinations across Catamarca. Each experience is designed to combine relaxation, social connection, and insight into the local surroundings, showcasing the cultural and natural richness of the region. Includes an English-Spanish interpreter and flexible options tailored to the visitor's schedule and interests.

2

Executive Mobility Services

Corporate transportation for executives: airport pick-ups and drop-offs, in-city transfers for meetings, or a driver available for any required duration. Includes permanent virtual assistance from a translator and the option of an in-person interpreter upon request. Designed to streamline every aspect of the workday in a reliable and comfortable environment.

3

Strategic Technical Visits

Organized visits to areas with mining potential, with the option to be accompanied by professionals such as geologists, mining engineers, or other specialists. Ideal for those seeking an in-depth understanding of the terrain, addressing technical questions, and benefiting from English-Spanish interpretation throughout the experience.

OUR ADVISORY SERVICES

1

Executive Advisory
and Management

2

Immigration Advisory
and Management

3

Accounting and Tax
Advisory Services

4

Legal and Technical
Mining Advisory

From personalized attention to excellence in every detail, we work to turn the ordinary into the extraordinary. We believe progress is built with vision and commitment, and every step we take aims to generate positive and sustainable impact.

Comprehensive support for immigration procedures in Argentina, with tailored guidance for each case. Includes document processing, clear progress reports with real-time updates, and direct access to the National Immigration Office—ensuring informed decisions and streamlined processes from the start.

Strategic consulting and professional support provided by certified specialists. Enables informed decision-making—resolving both basic needs and complex issues. Includes fiscal obligations management and tailored assistance for executive profiles.

Comprehensive support in both legal and technical matters, covering private life and professional activities. Includes permit management, regulatory compliance, and project evaluation with a focus on optimization and sustainability. We help clients navigate local regulations and make well-informed decisions.

SERVICES WITH EXTENDED REACH

Our services are designed to support foreign professionals beyond transportation. Through a personalized care system under contract, we help ensure a smooth and effective integration into daily life in Catamarca.

The goal is clear: to help clients adapt quickly, build reliable relationships, and connect with the local environment naturally—both socially and economically.

Each experience is planned according to the client's profile and specific needs, with full confidentiality and dedication.

All services include:

- High-end vehicles and experienced executive drivers.
- English-Spanish interpreter upon request.
- Possibility of long-term contracts.
- 100% personalized assistance.
- A deep network of trusted contacts offering top-tier services and full support in every need.

THE EXPERIENCE, STEP BY STEP

01

FIRST CONTACT

The client reaches out via WhatsApp or email, briefly sharing the type of assistance they are looking for.

02

FORM SUBMISSION

We send a short form to better understand their needs, interests, and expectations, which allows us to prepare an accurate proposal.

03

PROPOSAL SHARED

Once the form is received, we prepare a detailed and customized quote, outlining the scope of services tailored to the client's requirements. This is shared within 24 hours.

04

SERVICE ACTIVATION

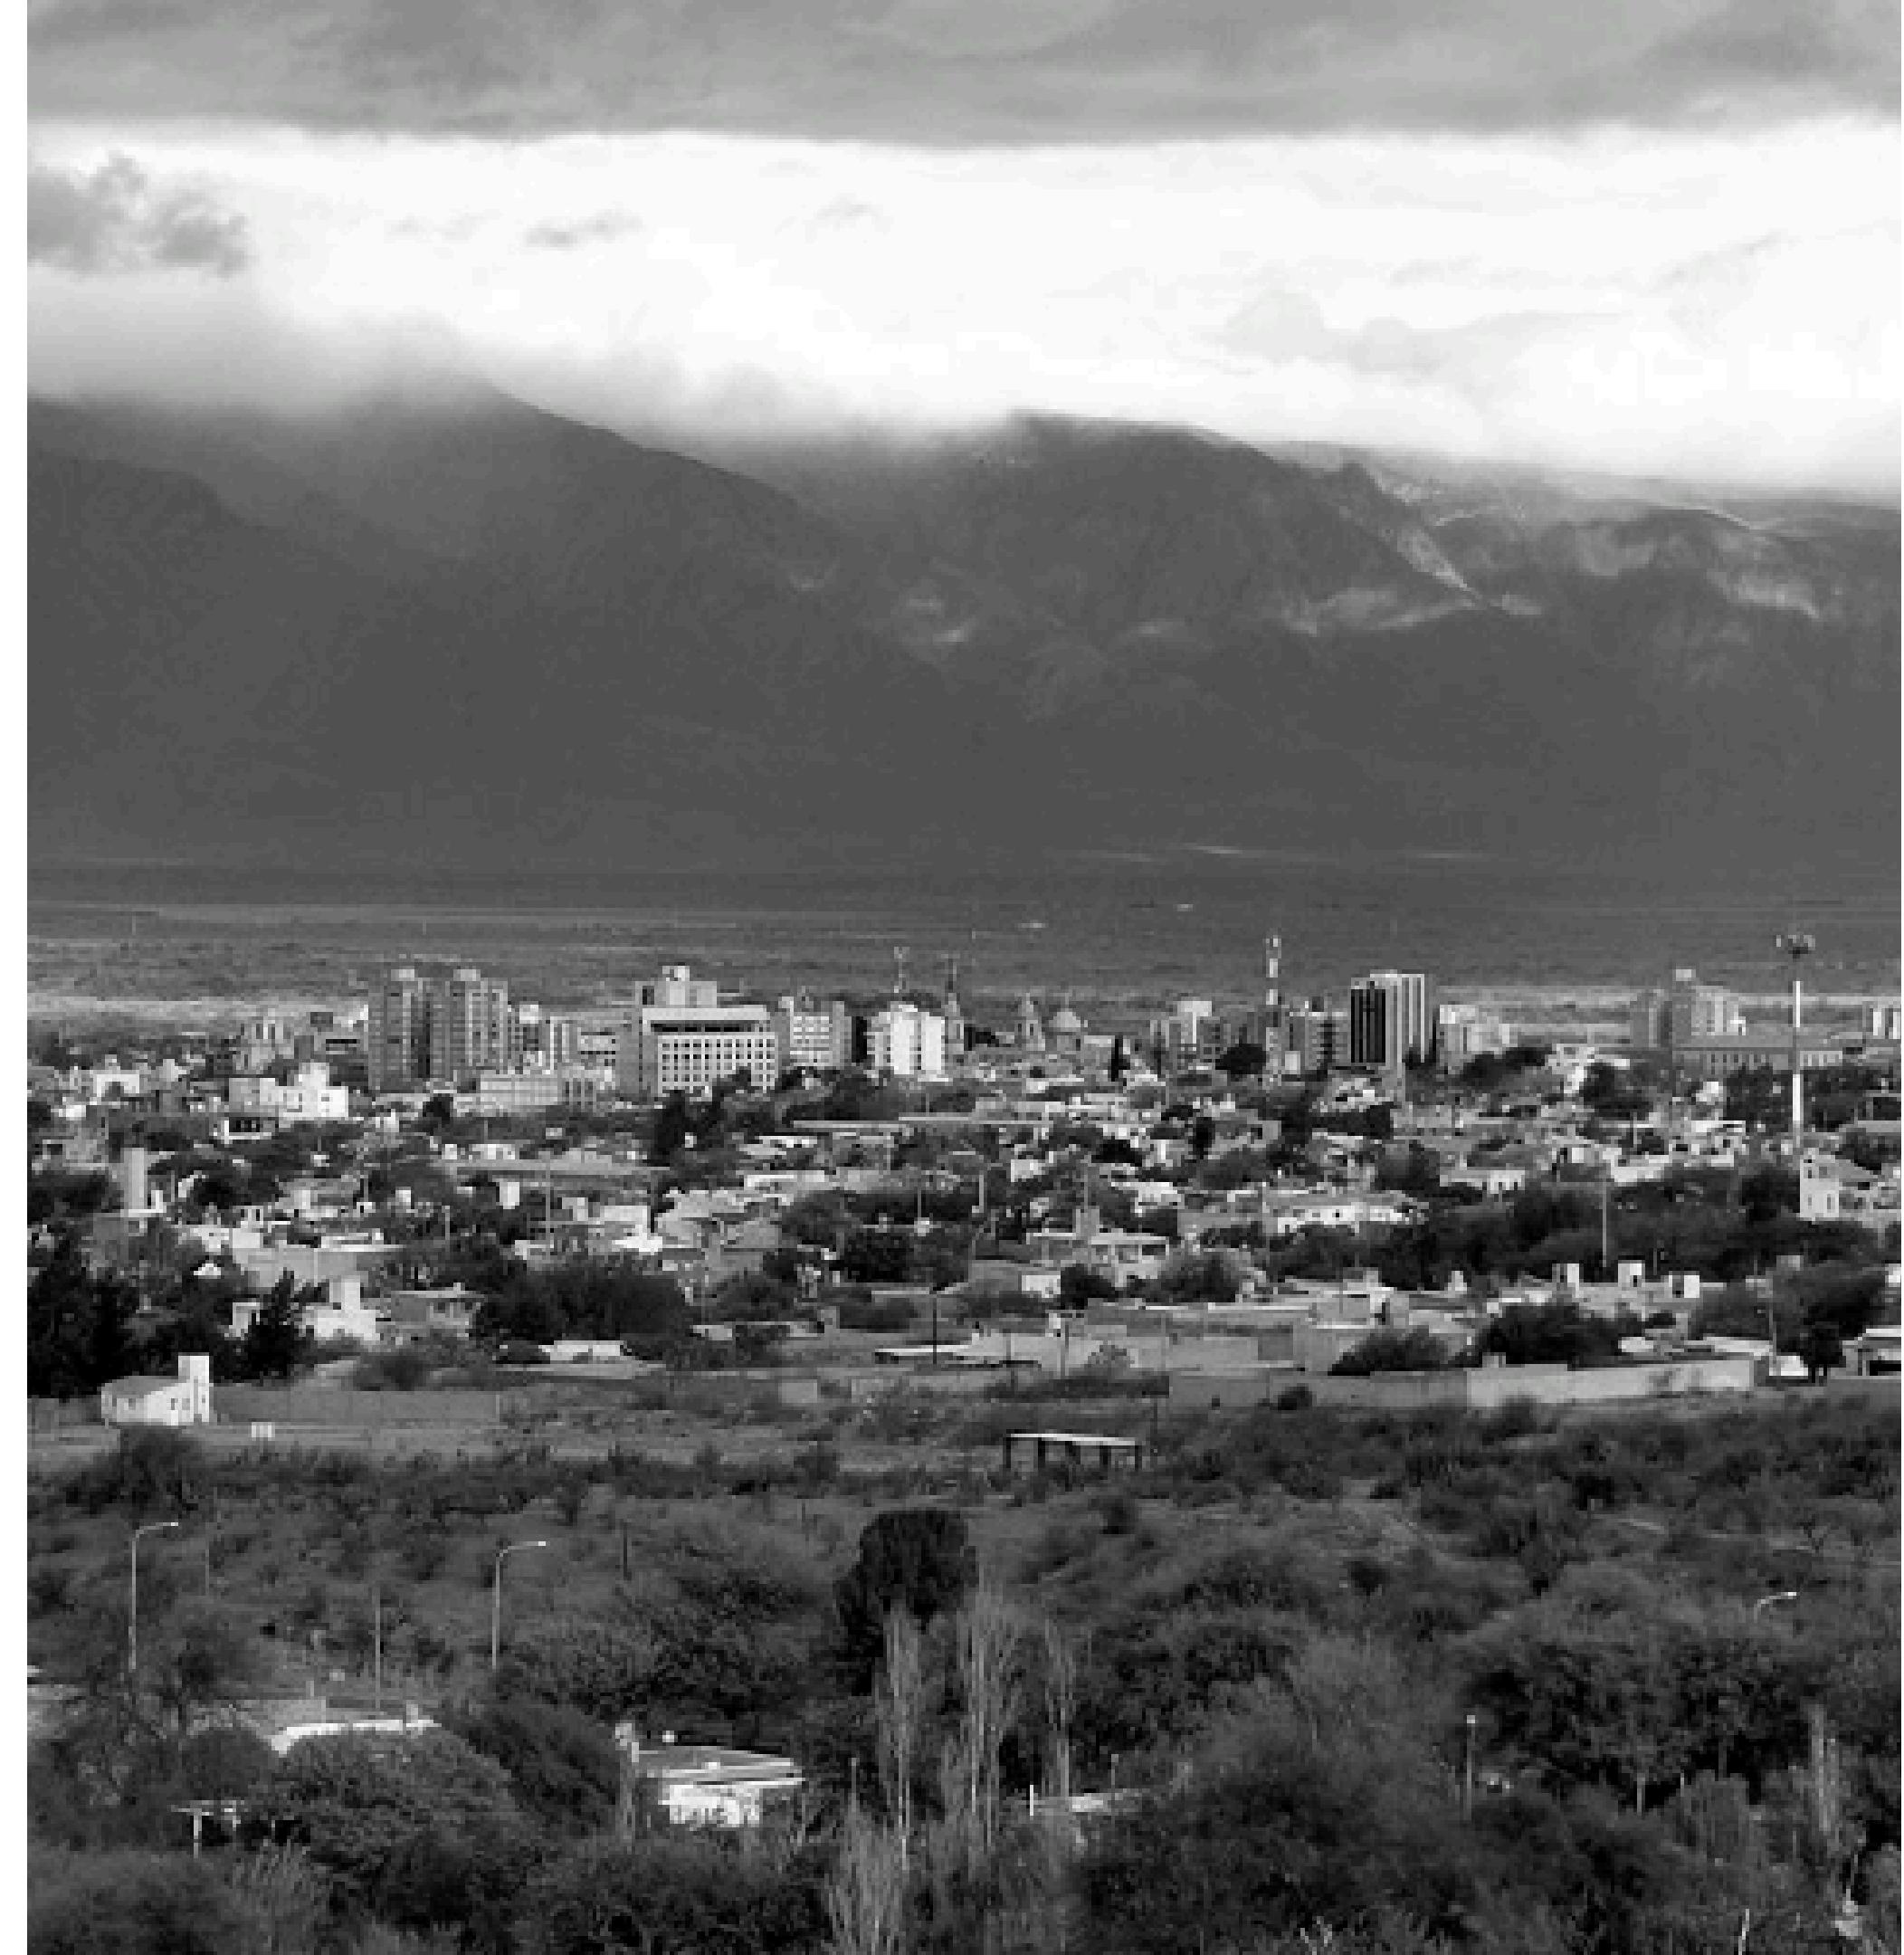

Upon approval of the proposal, we organize everything needed to deliver a smooth, professional, and fully personalized experience.
